David Robinson NBA Basketball Hall of Fame

Reflect on the following quotes from the interview with David Robinson.

1. "It's not all about money. It's about serving." *Is this something that you would expect an NBA star to say? Why or why not? Do you think he really believes this? Explain.*

2. "God has placed you here for a reason. He has given you talents for a reason but He wants to take you somewhere!" *Why do you think God gave David Robinson his talents? What are some of the talents God has given **you** to use?*

3. "They (the children at the school) are going to accomplish something. Not necessarily always for their glory. It's not necessarily all about how much money am I going to make or am I going to be successful in the world's eyes. Who cares? You're going to be successful in God's eyes for sure!" *What do you think success in God's eyes looks like?*

4. "I'd rather be out there moving for God. You can't stand still. You cannot! It's a love; it's a passion! God didn't stand still and leave me out there. And it's the same passion, I think, He has given me for other people." *Reflect on these words. How do they apply to the mission God has given you?*

5. "Your actions speak as loudly as anything you say. These kids know that I love them." *Do you think David is more proud of his NBA record or the influence he is having on these students? How do you know? Which impact will last longer?*
